Visual Arts Program at JMI

All grades: Comprehensive approach to creating art using a variety of techniques, exploring different ways of art making

5th Graders will also have independent projects that will be congruent to classwork

Projects will have basis in the Elements of Art and foundation in technical skills, but will also allow for individual expression as well as incorporating Social and Emotional Learning skills

Effort is highly prized and key to success

Students will learn about past and current artists/art movements

Grades

3rd & 4th Grade: every MP; O (Outstanding), S (Satisfactory), N (Needs Improvement)

5th Grade: every semester; A (Excellent), B (Good), C (Satisfactory), D (Deficient), F (Failing)

All: I (Incomplete; student was present but did not complete work in time)

No Grade: Student was not in Art long enough for that time period for a grade (moved in/out of JMI, out of the country, etc.)
